

YOUR PARTNERS IN **PROTECTION**

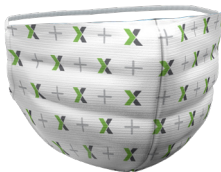

DRIVEN BY PURPOSE:
Protecting Essential Employees

COVID-19 MASKS

Exhibit Logistics and DeanHouston+ have shifted production, manufacturing and logistics capabilities to create attractive, comfortable and washable personal protective equipment (PPE) to help America fight COVID-19.

With decades of experience in custom event displays, our team of craftsmen has acquired the supplies and engineered the processes needed to manufacture CDC-compliant face shields and masks in a safe, sanitary and private facility in Cincinnati, Ohio.

PARTNERS FOR THE COMMON GOOD

FOR EVERY **10 MASKS**
DH+ WILL **DONATE 1**

As a way to do more, for every ten masks we produce for you, DH+ will donate one mask to medical or community caregivers or the nonprofit of your choice.

WASHABLE FACE MASKS

PROTECTION

Dual barriers help lower the risk of exposure to airborne pathogens.

FITTED

Designed for all-day comfort with flat elastic; choice of over-ear or over-head. Wire nose bridge provides snug fit, minimizes eyeglass fogging.

SIZING

Sized to achieve a snug and comfortable fit for improved hygiene while maintaining a professional look. Regular and large sizes available.

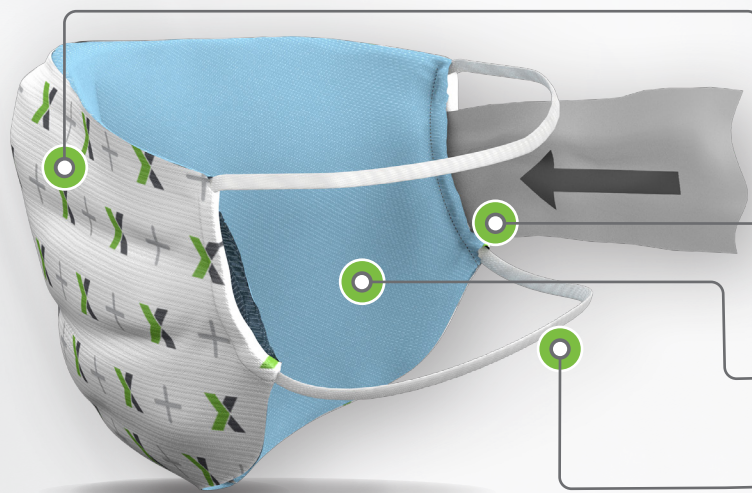

BRANDING

Printed with company-specific branding to match specifically your brand's PMS colors or any themed design. Gender and age-appropriate designs available.

MASK MATERIALS

A

OUTER COVER: 100% high-grade, dye-sublimated colorfast polyester for durability and to reduce the spread of pathogens

B

FILTER POCKET: Medical- or professional-grade disposable filter can be inserted to provide added protection (filters sold/supplied separately)

C

INNER LINING: Breathable 100% cotton for ergonomic comfort and temperature management

D

STRAPS: Over-the-ear designs are available upon request

ORDERING DETAILS

Single-Sheet Polyester Cover,
Single-Sheet Cotton Barrier / Filter Pocket
